

Before The Event

Purchase Your Ticket

Confirmation email will be sent to you with information and link to download the App

Download the App and complete the registration process

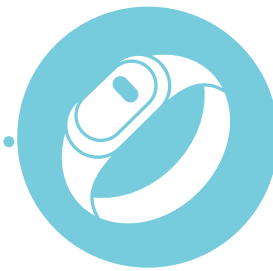

At The Event

Enter event site

Put the wristband on. Make sure you have your phone on. The Assist App will auto sync with your wristband

During gate entry, you will be handed a smart wristband to put on

The Assist App monitors and communicates with the system

Have a great time!

When Leaving The Event

Drop your wristband into the return bins at exit

Help Needed

If you or a friend needs help, press for assistance and a medic will be dispatched to you

If your vitals show you need assistance, a medic will be automatically dispatched to you

You or your friend can track the location of the medic, and can chat, call or video call the medic on their way

SOS

After treatment, you can return to enjoy the event or be further treated in the medical facility on site
